**DOUGLAS REKER | SHOWROOM SERIES**

**Douglas Reker** began his career designing prints for Christian Lacroix and Pincey. He incorporates his innovative graphics and fabric with drape and fold techniques for his namesake collection. For Spring/Summer 2010, Reker's "Crystal Math" collection is inspired by geometry of structural engineering and mathematics. Stand-outs include a denim jacket and skirt overlaid with printed gauze and layered knit and woven dresses edged with ribbons that create geometric shapes and angles.

Douglas Reker has been featured in Allure, WWD, Crains, GenArt Pulse and the Arts of Fashion 2008. The collection is carried at Barneys (NYC, Beverly Hills, online), Barney's Co-op (NYC, Chicago, Philadelphia), P45 (Chicago, online) Minx (Little Rock, AK), Debut (NYC), and Legends (Nantucket, MA).
